This group is created for Culpeper Chamber of Commerce member business owners and their employees aged 18-40.

The group welcomes attendees of all ages and membership statuses to our programs and events.

The mission of the group is to create a platform for members to build relationships, develop professionally and contribute to the local community through various activities and programs.

WHAT WE DO

The Young Professionals Advisory Council reviews local non-profits and community projects each calendar year and votes on the focus of their fundraising efforts.

A variety of programming to include a Kickball Tournament, Car Wash and Crab Feast are put on as fundraisers for their chosen Charity.

The group invites members of the community to meet with them on the first Wednesday of each month for a Networking Luncheon. Each luncheon includes a 15 minute presentation from a member of the group.
